Office of the President

Dear TTUHSC El Paso family,

As one of the initial implementation steps of the institutional Quality Enhancement Plan (QEP), TECH Ready Interprofessional Education (IPE) Initiative, I would like to announce the appointment of Scott B. Crawford, M.D., FACEP, FSSH as the IPE Curriculum Council Chair.

In this position, he will play a critical role in supporting the planning of activities to support the QEP project that is critical to our SACSCOC accreditation. Dr. Crawford has exemplified our Values-Based Culture with his demonstrated commitment to TTUHSC El Paso through his educational and administrative roles.

Dr. Crawford is an associate professor for the Paul L. Foster School of Medicine and the Woody L. Hunt School of Dental Medicine. He is also the Executive Director for the Training and Education Center for Healthcare Simulation (TECHS), where he led its successful reaccreditation by the Society for Simulation in Healthcare this year.

Since becoming a faculty member in 2012, he has supported experiential learning activities for multiple graduate medical education programs, the medical school, nursing school, and the dental school.

We wish Dr. Crawford and the entire IPE Curriculum Council great success in providing the overall strategic oversight for IPE activities as part of the QEP TECH Ready IPE Initiative.
