

TEXAS TECH UNIVERSITY HEALTH SCIENCES CENTER EL PASO  
PAUL L. FOSTER SCHOOL OF MEDICINE  
2018 RESIDENCY MATCHES

The Texas Tech University Health Sciences Center El Paso Paul L. Foster School of Medicine Class of 2018 has had a successful match process through the National Residency Match Program (NRMP). The NRMP oversees a computerized process that links choices of graduating medical students with preferences of Residency Program Directors. Results were announced on “Match Day,” March 16, 2018.

Overall, 90 senior medical students in the TTUHSC El Paso PLFSOM were successful in matching to excellent graduate medical education positions. Of them, 54 percent are remaining in Texas and 54 percent have matched to primary care (family medicine, internal medicine, pediatrics or obstetrics-gynecology). Two students will begin their service to our country through military matches. “The Paul L. Foster School of Medicine students have matched at wonderful programs across our state and country. I am proud to welcome them into the ranks of medicine and anticipate great careers for all of them,” said Kathryn Horn, M.D., Associate Dean for Student Affairs.
